

HOW TO USE COIR GROW CUBES

1. Place the Grow Cube in a container or tray.
2. Add lukewarm water and let the Coir Vital Grow Potting Mix expand.
3. Add seeds/plants.

PRODUCT DETAILS

- Grow Cubes are ideal for cuttings.
- The coir used is 100% natural, biodegradable, and peat-free.
- Ethically produced and sourced.
- Ideal support for growing creepers and ornamental plants.
- The cover used to hold the Coir Vital Grow is 100% biodegradable.
- Retains water, facilitates air porosity, and has excellent drainage.
- Can be placed in pots in gardens, indoors, patios, nurseries, allotments and greenhouses.
- Crafted in Sri Lanka.
